

Procedures for Absentee Ballot

Church members not in attendance at a special called business meeting for hiring a pastor may request an absentee ballot.

Members should request a ballot no later than 1500 on Saturday.

May 18, by sending an email to

pastorsearchfbcwestcliffe@gmail.com.

The official ballot will be emailed to your email account on Saturday afternoon. We ask that each member request their ballot on a separate email. Only one ballot per email will be valid.

Completed ballots must be received no later than 1500 (3:00PM) on the day of the election. Ballots must be sent on the same email account from which the ballot was requested. Nate will verify that the ballot was cast by a church member and tally the results. He will inform the search committee of the final totals. Since ballots are secret, no one in the church will know how any member has voted.
