

NEW LIFE RANCH

Proclaim the Gospel of Jesus Christ and Equip Believers for Ministry

Spring has sprung in NE Oklahoma!

Hello friends! It certainly felt like summer over the weekend! We hit 94° and I had the day off so I spent it on a lake in a kayak with a friend! It was a great way to stay cool and soak up some Vit. D! We've had all the temperatures and you never quite know what to expect week to week! Just five days before, it was snowing!

I shared in my January update that I am going to Romania on a short mission trip to help my sister with a women's retreat that she puts on every year for

a women's retreat that she puts on every year for women in ministry. When I wrote that letter, I had about a quarter of my support and we were still needing at least two more volunteers for the trip. I am excited to share that I have reached 100% of funds needed for the trip and we gained three more women to help serve! We have had a few zoom meetings to meet each other and talk over logistics for the trip. We also have a list of the names of the women attending the retreat and their prayer requests. We are all getting excited to be a part of this ministry. Please be in prayer for our travel and time serving.

Camp is gearing up for summer with many meetings, plans and preparations! With my trip to Romania next month, I have a lot of things that need to be completed ahead of time. We have some new weekly schedules and a completely renovated waterfront picnic area where we will be serving twice a week. We're excited to use this new space and create some fun experiences for campers. We are also focusing on our staffing needs for the summer and would covet your prayers that God would provide the right people for our team.

Blessings,
Alice

Current Prayer Requests:

- Romania Trip - April 17-30, 2026. Travel mercies with multiple flights. I am the driver for our rental van which is manual, so safe driving in a foreign country! I did get my International Driver's License to have on hand

Summer 2026 preparations
