Hi Monty! This is Grace Hamilton, thank you for reaching out regarding my upcoming trip to Spain.

Myself and the team I will be travelling with are finishing some final things for our trip and we are so excited! Plane tickets have been purchased, we are working with the organization we are working with to finish some things to help prepare as well- departure day is quickly approaching in just 46 days.

While in Spain, I will be working at a Christian camp called L'Arcada, helping to do some projects to help prepare their property for the busy summer season, as well as helping with a retreat for students who are in L'Arcadas discipleship program. All campers who attend during the summer, who want to continue learning about the Lord and growing in their relationship with Jesus, can join the discipleship program, and then the camp helps them to get a mentor and get plugged in with a local evangelical church in Spain. Spain is very heavily Roman Catholic, so it is hard to find evangelical churches, and L'Arcada helps provide their campers with these resources to continue growing in their faith. Myself and the team I am travelling with, would appreciate prayers for final logistical details as well as safety and health during the trip. We hope to be a huge blessing to the camp and their staff who work hard to share the Gospel with youth in Spain.

Dan Ainsworth had also talked to me about doing a short presentation on my trip, sometime in April after I return and I would love to do that!

Thanks again for reaching out and I am so grateful for the support of First Baptist!
